The diagram illustrates the assembly and safety instructions for a bottle cap. It shows four steps: 'CLOSE' (pushing the cap onto the bottle), 'OPEN' (pulling the cap off), 'PUSH' (pushing the cap into the base), and 'CLEAN' (removing the cap from the base). Below the assembly steps are two sections with safety warnings and icons. The first section contains a warning about choking hazards for children under 5, with text in English, German, and French. The second section contains six icons with corresponding safety instructions in multiple languages: dishwasher safe (max 60°C/140°F), leak-proof, food safe, squeeze to drink, no hot liquids (max 45°/113°F), and no carbonated beverages.

**CLOSE** **OPEN**

**PUSH** **CLEAN**

**WARNING:** Choking hazard.  
Keep cap parts away from children under 5.  
**WARNUNG:** Erstickungsgefahr. Einzelteile von Kindern unter 5 Jahren fernhalten.  
**ATTENTION:** Risque d'étouffement.  
Garder les pièces du bouchon hors de portée des enfants de moins de 5 ans.
